SHELLISH AQUACULTURE HARVESTER VERIFICATION AND SIGNATURE FORM

In the space below, please list each harvester that you have identified on your Shellfish Aquaculture Harvester Permit (SAHP) application. Next to each individual is space to record the DNRid and Aquaculture Declaration transaction number and a space for the individual to sign acknowledging that they have read and reviewed the harvester education materials. Please review the information below carefully to ensure that all of the required elements are submitted. Submission of an incomplete form will delay the permitting of your lease. For additional space, please use the back of this form.

Please note that obtaining an Aquaculture Declaration is only necessary once; however, reviewing the Harvest Education materials must be completed once every five years. If one or more of the individuals listed below have already completed the harvester education and obtained a SAHP/RC for another lease, please just list their DNRid; a duplicate harvester education signature is not needed.

Aquaculture Declaration (DNRid) – All Permittees and Registrants must obtain an Aquaculture Declaration through COMPASS before receiving a Shellfish Aquaculture Harvester Permit or Registration Card. For more information on obtaining an Aquaculture Declaration or DNRid please visit dnr.maryland.gov/fisheries/Documents/COMPASS_Aquaculture_Declaration.pdf

Harvester Education - Each Permittee or Registrant should read and review the enclosed harvester education materials and the acknowledgement below, and then sign and date the form. The harvester education materials can also be reviewed online at: dnr.maryland.gov/fisheries/documents/Harvest_Education_Guide.pdf.

By signing this form, I acknowledge that I have read and understand the "Harvester Education Training Guide" provided by the Department.
