Keeping Conservation and Land Trusts Vital for the Next Century In Maryland

Group Discussion

Instructions:

Each table has a facilitator and a guide in the green folder.

Each Table will need a recorder to take key notes under each question area upon the table top pad. There are four question please place the number at the top right corner you are working on! **(Please print)**

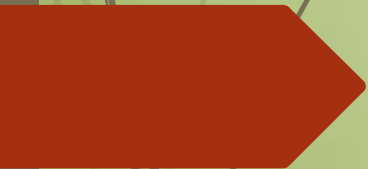

All notes will be consolidated for a follow-up summary!

Be prepared to offer key points and ideas from your work during the report out segment from your group.

There is a time keeper who will give you a three minute warning when we are about to transition.

What role does Land Preservation / Conservation play in your community? (20 Minutes)

Large Group Sharing (10 Minutes)

Small Group Discussion Point Two: List and discuss some of the challenges you and your organizations face in doing work in the land preservation and conservation arena? (20 minutes)

Large Group Sharing (15 Minutes)

Discussion Point Three: Today we have heard a few innovative ways that land preservation organizations and community partners can work together to advance their mission while meeting the community's needs.

Take some time to share or discuss innovative ways your groups may already be collaborating and identify ways your organizations could collaborate around land preservation and conservation to strengthen and engage your community.

(20 minutes)

Large Group Sharing (15 Minutes)

Discussion Point Four: What would be needed to facilitate and support increased partnership and collaboration around land preservation and conservation? (15 minutes)

Large Group Sharing (10 Minutes)
