MEET THE FOUNDER AND VISIONARY OF THE LOCATE APP

The Colorado Coalition of Land Trusts (CCLT) is the collective voice for land conservation in Colorado. Our 50 member land trusts and local government open space programs have protected nearly 2 million acres of Colorado's wildlife habitat, working farms and ranches, and significant natural landscapes. The Coalition promotes and supports land conservation excellence through leadership, advocacy, education and outreach.

MANAGE, MONITOR, AND REPORT

MANAGE PROPERTIES

Multiple easements can be associated and tracked within a specific property.

MONITOR EASEMENTS

Monitor water and mineral rights, and even acreage information related to categories such as wildlife protection, grasslands, wetlands, etc.

REPORTING

We have dozens of standardized reports that can be customized to your land trust's needs.

TESTIMONIALS

OUTSTANDING CUSTOMER SERVICE OUR LOCATE
IMPLEMENTAION WAS MUCH EASIER THAN WE EXPECTED. I
HIGHLY RECOMMEND BACKOFFICE TO ANYONE.

ZAC WIEBE

Larimer County, Fund Development & Special Projects

TO DAY ACTIVITIES. WE CAN NOW EASILY TRACK AND MANAGE OUR EASEMENT/FEE TITLES, DONORS AND DONATIONS. OVERALL LOCATE HAS MADE US MORE EFFICIENT IN OUR CONSERVATION EFFORTS.

STAFF

Mountain Area Land Trust

BUILT FOR LAND CONSERVATION

With **Salesforce** as the CRM database platform, **LOCATE** allows land conservation organizations to manage all land acquisition, stewardship activities, donor, membership and grant information.

BUILT ON SALESFORCE

Salesforce is your lightning-ready and powerful cloud-based donor database. It is the "engine" that runs LOCATE.

TRACK EVERYTHING

Get a a 360 degree view across your operations. Track and manage all your land trust information.

OFFLINE MONITORING

Monitor land conservation by exporting and importing important activity data into LOCATE.

FEATURES FOR LAND TRUSTS

EASILY CAPTURE ALL YOUR EASEMENT/FEE TITLE DETAILS

- Conservation details and restrictions
- Easement value, funding sources
- Title policy, insurance info
- Stewardship information
- Easement contacts (e.g. grantor, owner, manager)
- Water, mineral, or other property rights
- Manage activities and tasks for all your processes

BETTER MANAGEMENT OF YOUR MONITORING PROCESS

- Track monitoring due dates
- Produce the property monitoring report
- Track date and status of previous monitoring
- Track who does the monitoring
- Track monitoring visit details
- Record violations and follow-up tasks
- Track records and documents for state and national accreditation

MORE EFFECTIVELY RUN YOUR ORGANIZATION INCLUDING MEMBERSHIP AND FUNDRAISING

- View dashboards and reports for your key metrics
- Create unlimited reports through the standard and flexible reporting tool
- Track funds raised through membership dues, events, campaigns and appeals
- Track service fees or other fees related to an easement
- Obtain 360 degree of constituents by tracking land conservation data and donor data in one system
