

Title 08 DEPARTMENT OF NATURAL RESOURCES

Subtitle 03 WILDLIFE

.13 Regulated Shooting Areas

Authority: Natural Resources Article, §§10-601.1 and 10-906, Annotated Code of Maryland

.04 Area Requirements.

A. Minimum Size. Each regulated shooting area shall be in one tract of land, or land and water combined. A regulated shooting area permit may not be issued for less than 50 acres for hunting flighted mallard ducks, or less than 100 acres for hunting all other species. The regulated shooting area may include areas bisected by roads with easements less than 60 feet wide. *The regulated shooting area acreage cannot include adjacent public waters.*

B. – C. (text unchanged)

.05 Hunting.

A. – F. (text unchanged)

G. *Hunting from Shorelines.* A person hunting from a shoreline located within the tract licensed as a regulated shooting area:

(1) *May place decoys, retrieve downed birds and shoot crippled birds on adjacent public waters; and*

(2) *Shall follow the bag and possession limit for properly marked captive-raised mallard ducks consistent with §C of this regulation.*
